Jose arrived at New Horizons with average grades of C's and D's. He struggled with his confidence and did not believe he would be able to learn, especially in math. Despite this, Jose stuck with the program, working closely with his volunteer tutors, New Horizons staff members and practicing on the IXL learning software. His hard work and the additional support he has received while enrolled at the Super Kids Club is paying off.

Today, Jose is maintaining all A's and B's and arrives at the club each day bursting with joy. He often shares his accomplishments with his director and tutors, pulling out his various tests and awards from school.
